Blackstones Police Manuals are the leading police reference texts in the UK. In addition to being the only official study guides for the police promotion examinations in England and Wales, and a recognized text for student police officers, the Manuals have quickly established themselves as the definitive reference sources for all who have involvement with police law and procedure. The Manuals have been written in consultation with police forces across England and Wales, and are endorsed by the National Policing Improvement Agency, for OSPRE Part 1 Promotion Examinations. Blackstones Police Manual Volume 1 Crime: 2010 covers all aspects of criminal law and procedure from a police officers perspective. The 2010 edition has been fully revised and updated to incorporate all recent legislative developments and case law, including coverage of the Criminal Justice and Immigration Act 2008, the Serious Crime Act 2007, the Proceeds of Crime Act 2002, the Corporate Manslaughter and Corporate Homicide Act 2007, and updates on Cannabis reclassification. The 2010 edition also includes a new section on Proceeds of Crime. Relevant subjects covered include Homicide, Sexual Offences, Fraud, State of Mind and Offences against the Person. The Manuals continue to be the most accessible, relevant, and focused revision materials for Promotion Examinations. They are widely used in the professional development of police officers in a variety of roles making them essential reading for anyone with an interest in police and criminal law. Whether you are a serving police officer or police trainer, a practitioner, advisor, or researcher, Blackstones Police Manuals 2010 are an essential purchase.
