

## Hows Your Romance?: Concluding the Buddies Cycle

Mordden explores a tricky moral universe in which emotional loyalty is exalted but sexual fidelity is not assumed...There is a sense of real pain amid the zingers; Morddens characters run their mouths to avoid baring their souls. -- New York Times Book Review on *Some Men Are Lookers* After a hiatus of eight years, Ethan Mordden returns to the fictional universe for which he is most beloved in this latest, possibly last, volume in his much lauded Buddies cycle. Following the exploits of his best-loved characters -- Dennis Savage, J. (who was once Little Kiwi), Carlo, the slowly maturing elf-child Cosgrove, and narrator Bud -- as he lays bare the changed emotional landscape of the city within a city that is Gay Manhattan. Blending the comic, the sexy, the tragic, and the at once idealistic and realistic, these stories are Ethan Mordden at his very best.
