

General Operations Manual: Parts 91 & 135 Airplanes

A complete sample manual, copyrighted and watermarked, of a General Operations Manual that is used for an FAA Part 91 or 135 flight operation using airplanes. Geared mostly towards business jets this is an all around GOM for all levels of airplanes. This is complete and may be used to evaluate the manuals from Nacellepubs or may be useful in evaluation of a flight operations current manuals for ideas on improvements. If you are not having FAA approval, this manual could be your company manual in current form, watermarked and all.
