

# Common-Sense in Law (Home University Library of Modern Knowledge)

Vinogradoff, Paul. *Common Sense in Law*. New York: Henry Holt and Company, [n.d.] 1914. 256 pp. Reprinted 2006 by The Lawbook Exchange, Ltd. ISBN-13: 978-1-58477-653-6. ISBN-10: 1-58477-653-6. Cloth. New. \$95.\* This title by Sir Paul Vinogradoff [1854-1925] is a sophisticated introduction to jurisprudence. It is notable for its sociological interpretation, which was then a recent idea in Anglo-American jurisprudence. We know very few short books, and not many books on a larger scale, so well fitted to give lay people a just notion of the spirit of modern law, and, what is not less important, to encourage practising lawyers in maintaining a liberal and dignified view of their profession.: Frederick Pollock, *Law Quarterly Review* 30 (1914) 236. This book was written for the Home University Series. These laymans guides are notable because several were written by distinguished authors.
