

The Civil Court Manual 1999

Published in response to the Woolf Reforms, this new title includes the full text of the new Court Procedure Rules. Practitioners need to comply quickly with the new procedures and this book enables them to understand and get to grips with the new Rules before they come into operation. Written by a barrister, with input from an experienced solicitor who sits on the practitioner working parties on the Rules, and a Queens Bench Division Master who is a member of the Rules committee, this authoritative work adopts a clear and accessible style. Together with extensive notes and commentary, it is a practical everyday guide to civil procedure for the busy litigator in this critical period of change.
