

The Man Who Hated Emily Bronte

Hired to teach in a junior college, Will Franklyn has come to Montreal expecting a life to proceed much as it had in Nova Scotia where he grew up, or in Edmonton or Edinburgh where he studied. But `in Quebec everything -- all law, all logic, all human behaviour -- is topsy-turvy. Trusting and bemused, Will manages -- just -- to stay sane in the midst of lunacy. In this novel, a companion to his sombre *The Man Who Loved Jane Austen*, Ray Smith demonstrates once again that he is a master of comic fiction, leading us a merry chase round the mountain. The familiar places are there -- Schwartzs, the St. Viateur Bagel Shop, the Big O -- but lurking behind every familiar certainty is the unexpected, the bizarre, the topsy-turvy.
