

Popular: A Debts to Recover BDSM Novella (Volume 15)

Popularity wasn't all it was cracked up to be. Tommys popularity among the Masters who visited the brothel was rising so quickly that he wasn't sure his body could handle it. Sure, it paid off his debt faster than normal but the price might be too high for him to bear. Popular is a tale of twisted sex, spying and the consequences of fame. Readers who have issues with dubious consent and mind games should read with caution. Also included in this edition is the first chapter of Sound of Obedience, a tale of love, obedience and finding strength in submission while society expects you to dominate.
