

Helpless (Rebels) (Volume 2)

I love to write books, sometimes Ill sit on my couch typing. But one book comes true. This book. I understand by publishing this I cause horrible situations for myself in another dimension. But I had to do it. So, that is what I have done. As you read the book things start to happen to me. Things I cant explain. I dont know how to explain it, unless it happens. And it will only happen once its read. So read it, you may find out new things, I may. But I cant read it, it would combine the two dimensions together. But maybe one day Ill read it.
