

## Mindjacker

Just making direct eye contact, Lucas has direct access into a persons mind, turning his wishes into commands. Its a power the government wants to harness for its own means, but Lucas lust for freedom cannot be contained. Living life on the run, Lucas uses his extraordinary gift to prey upon straight men for their money and to satisfy is own carnal appetites, knowing his embarrassed victims will never report his crimes. Sent to capture him is Joel, a sexy telepath whose own desires were first awakened by Lucas. So far Lucas has eluded Joel, but when he steals a briefcase full of cash, Joel may just be the only one to save Lucas life. With its tightly-wound story propelled by outrageous erotic scenes, Mindjacker grabs the readers mind (as well as other body parts) and doesnt let go until the satisfying climax. Author Jonathan Asches debut novel will leave you gasping for more
