

Mortal Coil: A Comedy of Corpses

Funeral-home frolic. Short-listed for the London Observers PG Wodehouse Comic Novel Prize. The stage version is at Samuel French. A first-rate contemporary farce, one of the hardest - if not THE hardest genre to pull off. I look forward to seeing the movie. (J. Maas, below) From the moment I started to read this book I was crying with laughter. If you like dark humour and have a taste for knowing what you really shouldn't want to know you will love it. Brilliant characters and Great writing, be prepared to laugh your socks off. (thedeludedfool, below) Theme song (for optimistic female voices, to the tune of Shuffle off to Buffalo): When you're in the mortuary You may find it cold and scary No, no, don't recoil. Off you're gonna shuffle, Shuffle off this mortal coil! Comes the undertaker later And he'll drain your radiator And he'll change your oil. Off you're gonna shuffle, Shuffle off this mortal coil! First he'll put you on the table, Then he'll pump out your insides. He'll make your condition stable With formal-de-hyde! You'll be magotty and wormy It's enough to make you squirmy When you're in the soil. Off you're gonna shuffle, Shuffle off this mortal coil! Just because you feel immortal Doesn't mean you'll never die. You'll get hard and rigor mortal No use to wonder why! When you're pushing up the daisies You'll be lying back and lazy No more moil and toil. Off you're gonna shuffle, Shuffle off this mortal coil! Shuffle off, shuffle off, shuffle off, shuffle off, Shuffle off this mortal coil! Ebook design by 52 Novels Cover by Peter Ratcliffe
