

Playing Doctor: The Doctor is in

Intro:Kenton Weston is living the dream. He is a very well respected member of the Philadelphia medical society, a transplant surgeon, and young. What Kenton does not have is someone with whom to share his life. Kenton is gay and knows that coming out could hurt his medical career, but if he ever hopes to have a meaningful relationship he may have to take a chance. When Kenton meets the father of a patient, he thinks he has met the man of his dreams; that is, until he falls in love with the mans son.Excerpt:Kenton wanted to be inside Jay just as much as Jay wanted him there. Kenton let go of Jays hardness and watched as its heaviness could not defy gravity, and then he slowly and seductively outlined that area that was waiting to be filled. It was open now, and Kenton had to close his eyes to keep from climaxing. As Kenton entered Jay with just one finger, Jay stopped his sucking. Jay tried to prevent Kentons finger from escaping but could not. Kenton would fill him so well, he thought. Kenton was enjoying the seduction that was driving Jay wild, but wanted to please him too. He lifted Jays chest upward and in one movement Jays mouth was off of Kentons erection. Kenton removed Jays clothes entirely from the waist down. Then without warning, Kenton was kneeling behind Jay whose knees were underneath him eagerly awaiting Kentons entrance. Kenton began to enter Jay and then stopped. He slid his hands underneath Jays shirt and stroked his chest. Jays chest was on the floor now, his buttocks high in the air. Kenton asked softly, Is this what you want, Jay? Oh, Kenton, yes, he answered. ***Jeff closed his eyes. He was torn by his own thoughts. I must be nuts, he thought. Why am I having these thoughts? Its not right. Is it normal? Kenton would surely disown me if he knew. He tried to make these thoughts go away, but he couldnt.Jeff got out of bed and walked to the door of Kentons room.

He looked in and noticed that Kenton was sleeping. Kenton was naked, at least from the waist up, which is where the covers stopped. As Jeff watched the rise and fall of Kentons chest with his slow steady breathing, he wondered what comprised Kentons thoughts. Did he always see the world through the eyes of a physician, or were there times when he thought of life in its simplest and most natural form?
