

The Regulation of International Trade

The Regulation of International Trade 2nd Edition introduces the rules and institutions that govern international trade. The authors base their analysis on aspects of the subject from classic and contemporary literature on trade and political economy. This new edition has been fully updated to take account of the most recent developments in International Trade. New issues covered include: trade and competition trade and labour rights the Multilateral Agreement on Investment the Basic Telecoms and Financial Services WTO Agreements an analysis of the first three years of WTO dispute rulings, including those of Appellate Body. Drawing on the success of the earlier edition, this comprehensive and up to date text will be an invaluable guide to students of economics, law, politics and international relations.
