

## Legends of Everest: including The Cat That Climbed Mount Everest and The Everest Stone

Legends of Everest is a compilation of two legends of the place called Mount Everest. The first: A broken body, a broken mind, a broken spirit. A soldier, a fool, and a hero. These are starting and stopping points in three lives which are touched by a common need—the need to survive on the mountain. The second: The tragic loss of a loved one and the hope (revealed through legend) of seeing that person again, is fueled by a need for revenge. Only love can overcome death.
