

The Barefoot Baroness

Laura Harwood reluctantly agreed to accompany her cousin Olivia, Baroness Pilmore, to London for the season. What did she know about nabbing a husband? But Olivia caught the attention of the famous artist Lord Hyatt, who decided to paint her barefoot. And Laura came along as chaperone. When his lordships attention shifted to Laura, she feared he would soon discover what a provincial miss she really was. Regency Romance by Joan Smith; originally published by Fawcett Crest
