

## Tamed and Obedient

A hot novel of harsh but romantic bondage.

Denise la Croix is the mistress of swashbuckling sensual tales, and this new story set in the 17th century, meets all her readers expectations - adventure, romance, domination and tingling sex. Tamed and Obedient is the story of a young woman of quality who is employed as a governess by the widower and squire, Lord Alistair Drummond of Porthcurno, in Cornwall. His twin daughters are nearly twelve years old and quite unruly and he can no longer control them. The time has come for them to have a live-in governess. Lord Alistair is a handsome widower, a broody and bitter man. When the new governess, Katherine Edwards arrives at his home, Drummond Castle, he is shocked at her resemblance to his late wife and finds it difficult to come to terms with it. Katherine is young, beautiful and very high-spirited, but sensitive at heart and lacking in experience of relationships with men. Lord Alistair is a strict man and as time passes he imposes various punishments on Katherine for infractions of his rules, from simply spanking to whipping her. But eventually she captures his heart and he deflowers her. Lord Alistair has enemies and whilst he is away from his castle, Katherine and the maid are captured and abused by their captors. Eventually they are rescued by their Lord Alistair who has realized that he cannot live without Katherine, and she remains his willing slave.
