

Ten Days That Shook the World

Ten Days That Shook the World (1919) is a book by American journalist and socialist John Reed about the October Revolution in Russia in 1917, which Reed experienced firsthand. Reed followed many of the prominent Bolshevik leaders closely during his time in Russia. John Reed died in 1920, shortly after the book was finished, and he is one of the few Americans buried at the Kremlin Wall Necropolis in Moscow, a site normally reserved only for the most prominent Soviet leaders.
