

# Wake of the Warrior: Terrorism on the Coastal Waters of New England

On a sultry side street of Arzew, Algeria, Mubbaligh sits in his apartment. He is finalizing plans for a terrorist attack against America. Funded by a radical Salafist splinter group, he has waited years for this opportunity. He will let nothing stop him. Mubbaligh will use ships to conduct a coordinated terrorist attack on the shores of America. His contacts in the maritime field will facilitate his efforts. If he succeeds, thousands will die. On the opposite side of the Atlantic, in post 9/11 America, law enforcement officials suspect another attack is imminent. Port security is bolstered and Coast Guard patrols are increased. But, will their efforts be enough? Who will win the battle between these opposite forces? Only time will tell.
